

What You'll Get!

Choose from Two Options:

\$30 for 5 Super B12 fat-burning, energy-boosting injections (a \$125 value)

\$50 for 10 Super B12 fat-burning, energy-boosting injections (a \$250 value)

At Infinite Life Medical, a licensed professional administers Super B12 injections, which help patients with weight-loss by improving the metabolism, boosting energy, and burning fat. Vitamin B12 is a water-soluble nutrient that

occurs naturally in many foods, including meat, fish, and dairy products. Among other, more serious symptoms, B12 deficiency leads to weakness and fatigue—two culprits that often keep people from sticking to their diet and exercise plans.

Infinite Life Medical and its trained team of physicians and staff, assist our patients on the road to recovery and achievement of optimal overall health. We are a multi-disciplinary practice that uses a combination of traditional medical physicians and trained naturopathic doctors as well as chiropractic physicians to best heal and treat our patients. We specialize in general medicine as well as physical therapy to get the patient chemically balanced and physically feeling good. We also specialize in weight loss, non-surgical treatment of pain and chronic conditions as well as cosmetic procedures.

We look forward to seeing you.
